| WANG/VM INTERFACE CAPABILITIES | Development Status |
|---|---|
| ● SEND AND RECEIVE FILE TRANSFER BETWEEN WANG SYSTEM AND VM SYSTEM WITHOUT FILE CONVERSION | Completed |
| ● CONVERSION OF WANG FILES TO VM SCRIPT FILES | Completed |
| ● CONVERSION OF SIMPLE VM FILES (MEMO FILES, PRINT FILES, PUNCH FILES AND SIMPLE SCRIPT FILES) TO WANG FILES | Completed |
| ● CONVERSION OF VM SCRIPT FILES (ADDITIONAL SCRIPT COMMANDS) TO WANG FILES | Scheduled for August 1983 |
| ● INTERFACE WANG FILES WITH AIM SYSTEM | Scheduled for September 1983 |
| ● EZPUB FILES NOT DIRECTLY CONVERTIBLE TO WANG FILES | |
|     1. EZPUB file can be changed to Script image file on VM and then transferred to a Wang System. | Completed |
|     2. EZPUB file can be sent to the Wang System with no file conversion for editing with EZPUB commands still present in document. | Completed |

NOTES :   a) Cost trade off's have dictated that the Wang/VM Script conversion be restricted to a subset of Word Processing commands.

b) The higher the degree of integration of the various word processing capabilities, the less flexible the developed system will be.
